EDUCATION

Addis Abeba Science And Technology University | BSc in Software Engineering

Sep 2021 – Jun 2026

Relevant courses

Addis Abeba, Ethiopia

Internet Programming, Database Systems, Object-Oriented Programming,
Operating Systems, Data Structures, and Algorithms.

Africa To Silicon Valley | A2SV - Backed by Google Coding-Acadamey

Feb 2024 – present

Addis Abeba, Ethiopia

- A2SV graduate with a strong foundation in data structures and algorithms (Solved 500+ problems on LeetCode and Codeforces) and hands-on experience in backend
- A2SV placed 60+ students at top-tech companies such as Google, Bloomberg, Databricks, Amazon, LinkedIn, and Square in the last four years

PROFESSIONAL EXPERIENCE

Software Developer Intern, Eskalate LLC 🌐

Jun 2024 – Oct 2024

Addis Abeba, Ethiopia

- **Collaborated** with a team of 4 developers to design and implement **RESTful APIs** using **Golang** and the Gin framework, ensuring **high performance** and scalability.
- **Designed and integrated** robust authentication mechanisms using **JWT** and **OAuth**, reducing user login times by **30%** and securing access for active accounts.
- **Led** code reviews and provided guidance on the application of **clean architecture** principles, contributing to a **maintainable** and **extensible** codebase.

Emotion Lens, A2SV Impact Hackathon (Quarter Finalist)

Jun 2024 – Jul 2024

Addis Abeba, Ethiopia

- **Led frontend development** using **React** and coordinated a team of 4 engineers to create an **AI-powered dashboard** for personalized social media sentiment analysis.
- **Ensured timely project completion** through effective team collaboration and innovation.
- Achieved **80% accuracy** in sentiment analysis after extensive model training and testing, delivering precise, **data-driven insights** for decision-making.

PROJECTS

Your-Home Home selling website 🌐

Feb 2023 – Jan 2024

- **Designed** a home selling website to eliminate commission-based fees in Ethiopia and Africa, reducing costs by up to **50%** compared to traditional systems.
- **Upgraded** the website from HTML, CSS, and JavaScript to a more scalable architecture using **React** for the frontend and **PHP** for the backend, improving scalability, maintainability, and efficiency by **65%**.

Expense-Tracker system

Feb 2024 – Jun 2024

- **Built** an expense-tracker application using **Java Swing** for the UI and **Java with MySQL** for the server.
- Developed for university students to track expenses, with the potential for broader use.
- **Optimized** the application using **concurrency and multithreading**, enabling it to handle up to **1,500 simultaneous users**.

SKILLS

Technical skills

- **Languages :** Golang (proficient) | JavaScript (Intermediate) | C/C++ (Intermediate) | Python (proficient) | Java (Intermediate)
- **Frameworks :** React.js (Intermediate) | Gin Framework (proficient)
- **Databases :** MongoDB (proficient) | MySQL (proficient)
- **Web Technologies :** HTML (Intermediate) | CSS (Intermediate)
- **APIs :** RESTful API (proficient)

AWARDS

Academic Excellence Award

Jun 13, 2022

Addis Abeba Science and technology University

Recognized as one of the top 5 female students in the Software Engineering department.

Dean's Award for Academic Excellence

May 08, 2024

Addis Abeba Science and Technology University

Awarded for maintaining a GPA above 3.65 during the third year.
